English - Proficient

Japanese - N4

About Me

Final-year ICT student at Rangsit University with hands-on experience as a Frontend Developer and Part-time UI/UX Designer at MMS IT. Skilled in building responsive web applications using React.js, Next.js, JavaScript, Prisma ORM and PostgreSQL. Currently seeking a 4-month internship in Web Development, IT Support, or other IT-related roles to apply and further develop my technical skills.

EXPERIENCED PROJECT

AI-Driven Smart Analytics Dashboard | React, Next.js/Vite, Tailwind CSS v4, shadcn/ui, Google Gemini API

- Built a serverless AI-powered dashboard that processes CSV, Excel, PDF, Word, and TXT files in the browser, using Google Gemini API to generate summaries, trends, and business insights.

LogiTrack (B2B Fleet Dispatch & Manifest Automation Dashboard) | React, Tailwind CSS, shadcn/ui, Context API, JavaScript

- Built an interactive B2B logistics dashboard with fleet management, driver dispatch, and drag-and-drop route planning.

TravelEase - Full-Stack Travel & Tour Management Platform | Next.js 15, React 19, TypeScript, Tailwind CSS, Supabase, Better Auth

- Developed a full-stack travel booking platform with authentication, tour booking, and an admin dashboard for managing tours, bookings, customers, and content. Built with Next.js, Supabase, and Better Auth, featuring responsive design, advanced search and filtering, and a scalable architecture.
